

ANTIGRAVITY BATTERIES

Antigravity Starter Batteries are a Premium Lithium-Ion Motorsports Battery with a 3-year pro-rated warranty. Please download our warranty and read the following details carefully as Lithium-Ion has different maintenance procedures than Lead/Acid.

Antigravity Batteries LLC warrants to the original purchaser that our batteries are free of defects in material and workmanship for the term of 3 years, or 1 year for Race use.

ANTIGRAVITY BATTERIES will warrant the MICRO-START line of products, that is purchased from an **Authorized Dealer** only, to be free from manufacture defects for the period of ONE YEAR. Warranty is void if product is not used as directed.

Antigravity has a 1-year Limited Warranty covering defects in materials and workmanship under normal and intended use for the period of 1 year from the date of retail purchase of the Tire Inflator. The limited warranty is only for the original purchaser of the product and is not transferable. You do not need to register for warranty.

Antigravity Batteries offers a **30-Day Money-Back Guarantee** for any reason as long as the item is in new condition and not damaged or used in any way. Upon authorization from Antigravity Batteries, you may return it for a full refund minus shipping cost. If you ordered the wrong product, we also offer the option to exchange it, at your shipping expense. If the return is a result of an error we have made on your shipment, then we will pay the return shipping costs. Note: due to the nature of electrical items such as batteries, if item has been used, scratched or damaged we will determine the refund or credit level. A 15% re-stocking fee will apply for returns done after 30 days.
